- China is an increasingly important market for US services exports and is currently the United States' third-largest export market. In 2016, US services exports to China reached more than \$52 billion.
- US services exports to China have grown faster over the last decade than exports to any other top US trade partner. US services exports include travel and education, transportation, business and professional services, and financial services among other industries.

Note: Full-year services export data are available only through year-end 2016

**Data for UK Caribbean began to be reported in 2013.*
